Blocks

Block

Standard block, UniMe blue.

Example block

Green block, for results or definitions.

Alert block

Orange block, for warnings or limits.

A key message in a highlighted box.

Outline

Method

► Introduction

► **Method**

► Results

► Conclusions

Equations

A displayed equation

$$\Pr[\text{event}] = 1 - e^{-\lambda\Delta} \approx \lambda\Delta \quad \text{for small } \lambda\Delta$$

Inline math such as $a(t) \leq d$ can be kept on one line with braces.

A table

Method	Description	Property A	Property B
Baseline	a short description	✗	✗
Variant	another description	✓	✗
Proposed	our approach	✓	✓

Code

```
{ "id": "example",  
  "payload": { "action_type": "RESUME", "target_entity": "line_1" } }
```

Outline

Results

► Introduction

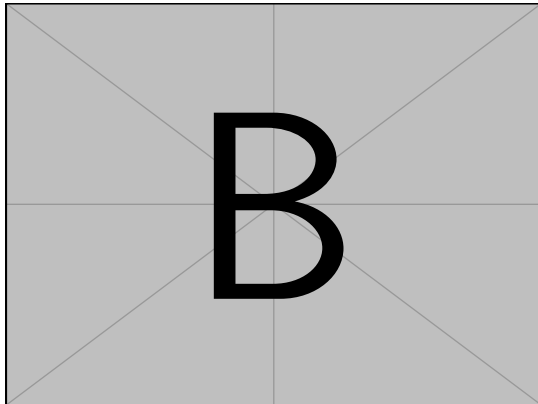

► Method

► **Results**

► Conclusions

A full-width figure

- One sentence that states what the figure shows

Outline

Conclusions

► Introduction

► Method

► Results

► **Conclusions**

Conclusions

1. First take-away
2. Second take-away
3. Third take-away

Next: future work in one line.
